---

Bill, I am fully aware of the Sand Springs item, and in fact had instructed the contractor to proceed on several sites. However they had no money to proceed. They just got funding from Contracts Management on the work assignment.

**Importance:** High

Donn,  
On July 14, I sent you a fact sheet that needed to be mailed. Sand Spring 5 year review. I would hope this has been done, but I haven't heard anything from Toeroek. A fine example on how long it

9789410

takes to get things done. It just needs printing and mailing, why would it take two weeks?

Donn,  
I have a fact sheet that needs printing and mailing. Fourth 5 year review for Sand Springs Petrochemical Site.

Sand Spring Petrochemical  
Sand Springs, Oklahoma  
Cercla #OKD980748446  
SSID# 58  
Site ID 0601357  
PRP ARCO

What contractor do I use?

If its Toerock, you need to get the mailing list from CH2.

Please let me know soon; so I can get this going and have it out of here by the end of the month.

Thanks,  
Bill
